

Policy on Health and Vaccines

Effective 09/2021

Reaffirmed by GMEC 05/12/2023

All trainees are required to adhere to base hospital and training sites' vaccine and occupational health requirements in a timely manner. McGaw retains the right to have additional requirements related to vaccinations.

Failure to comply with these requirements may result in the inability to start training or disciplinary action, including possible suspension or termination.

Exceptions

Trainees may request an exception to the above requirements utilizing the standard processes as established by Occupational Health.
